

Razertip® P80

THE RESULT OF OVER 30 YEARS
OF EXPERIENCE AND LISTENING
TO CUSTOMER FEEDBACK

- UNIVERSAL POWER SUPPLY WORKS WORLDWIDE AND IS COMPLETELY UNAFFECTED BY VOLTAGE FLUCTUATIONS.
- BETTER-THAN-EVER TIP HEAT RECOVERY
- COMPATIBLE WITH EXISTING RAZERTIP® PENS AND ACCESSORIES
- CAN BE EASILY CONVERTED TO DOUBLE OR TRIPLE UNIT WITH AVAILABLE EXPANSION MODULES

“Revolutionary” is the word we’ve heard most when people experience the Razertip P80 for the first time. The P80 is the world’s first pyrographic tool to incorporate a fully regulated, stabilized power supply and a digital touch-screen interface. Plug it in anywhere world-wide, input your desired heat setting and you’re burning away in just a few seconds. With 700 heat settings the P80 can be set low enough to work with jeweller’s wax (approx. 80 degrees C) to red-hot (800 degrees C). Voltage fluctuations don’t phase the P80 at all - the tip temperature at your chosen heat setting stays rock-steady regardless of what’s happening with the power available. The P80 offers better-than-ever tip heat recovery, and is compatible with all existing Razertip pens and accessories.

Each P80 or P80x includes an extra-flex pen cord (#CORD1P) which works beautifully with any Razertip pen or tip. The P80’s unique power output means that heavy-duty cords are no longer needed to make a difference when burning with heavier tips.

The P80 is a single burner - but with a huge difference. Want a dual or triple burner? Quickly and easily add up to two P80x expansion modules (no tools required) for a versatile system that gives each pen its own heat setting and memory function. Toggle between pens by touching the screen you wish to use.

As with everything we make - the P80 is proudly made in Canada - right here at our facility - it’s covered by our exclusive 3-year unconditional warranty, and it’s safety-certified virtually world-wide. By simply changing the power cord, or using a suitable plug adapter, you can use your P80 anywhere.

Expands to a Double or Triple Burner!

P80 Base Unit

cat# P80-NA-PS **\$359.95**

P80 Base Unit w/ standard pen

cat# P80-NA-(F1L...etc.) **\$390.20**

P80 Base Unit w/HD pen

cat# P80-NA-(HD1L...etc.) **\$394.45**

P80 Base Unit w/BPH pen

cat# P80-NA-BPH **\$394.45**

All P80 base unit and kit prices shown for North American (NA) units.

P80 Package #1 - Carving

Includes:

- 1- P80 Base Unit
- 1- Standard Cord #CORD1P
- 1- Tip Cleaner #CLEANER
- 1- Large Skew Std. pen #F1L
- 1- Small Spear Std. pen #F5S
- 1- Small Round Skew Std. pen #F7S
- 1- HD Quill Maker pen #HD5MC

P80 Carver's Packaged Kit
cat# P80-NA-KIT01**\$480.65**

P80 Package #2 - Pyrography

Includes:

- 1- P80 Base Unit
- 1- Standard Cord #CORD1P
- 1- Tip Cleaner #CLEANER
- 1- Medium Knife Std. pen #F14M
- 1- Small Round Std. pen #F2S
- 1- 1/16" Ball Std. pen #F99.015
- 1- HD Medium Shader pen #HD30M

P80 Pyrographer's Packaged Kit
cat# P80-NA-KIT02**\$480.65**

P80 Package #3 - Gourd Art

Includes:

- 1- P80 Base Unit
- 1- Standard Cord #CORD1P
- 1- Tip Cleaner #CLEANER
- 1- Small Skew Std. pen #F1S
- 1- 1/16" Ball Std. pen #F99.015
- 1- Gourd Cutter Std. pen #F9G.17
- 1- Med/Small Shader pen #HD5MSP

P80 Gourd Art Packaged Kit
cat# P80-NA-KIT03**\$480.65**

P80 Package #4 - Woodturning

Includes:

- 1- P80 Base Unit
- 1- Standard Cord #CORD1P
- 1- Tip Cleaner #CLEANER
- 2- Interchangeable-tip pens #BPH
- 1- Set of 5 ball tips #SET99X5
- 1- Pkg of assorted Tip wire #TW6.AST
- 1- HD Med Wide Spear pen #HD5MH
- 1- HD Spear Shader #HD5MP

P80 Wood Turner's Packaged Kit
cat# P80-NA-KIT04**\$527.45**

Output: 6VDC, 8.0A
DC max.

All prices shown are in CAD

P80 Specifications:

Dimensions: 4.5"x4.5"x3.6" (115mm x 115mm x 91mm) Weight 9.9 oz. / 280 g

Input: 100-240VAC, 50-60Hz, 1.0A Output: 6VDC, 8.0A DC max.

Heat Input Range: digitally input via 3.5" touch-screen, settings "100" to "800"¹

¹ Heat settings based on calculated tip temperature °C using a standard #1L tip. Actual tip temperature will depend on the tip used (heavier tips will run a bit cooler while smaller, lighter tips will run hotter)
